### Justification for forest clearance for wind mills operation in the Forest Land

1. We have established Wind Mills in survey nos. 97 at GR Halli Village, Chitradurga after necessary approval from the Govt. of Karnataka.
2. The land was jointly surveyed by Revenue and Forest department in the year 2002; and after their recommendation dated 18<sup>th</sup> Mar-2002, the lease was granted to KREDL to establish Wind Power Project. Which were subsequently sub-leased to us by KREDL for setting up Wind Mills in the year 2004.
3. Based on the above approvals and lease agreement, the Wind Mills were installed and since then in operation.
4. We understand that as per report of Tahsildar, Chitradurga submitted to Chief Conservator of Forests, Ballari, on 05<sup>th</sup> Oct-2018, part of land allocated earlier for the Wind Mills in survey nos 97 at GR Halli falls within the forest section 4 notified area.
5. Further, based on the letter from Chief Conservator of Forests, Ballari Circle dated 23<sup>rd</sup> Oct-2018, Principal Chief Conservator of Forests, Karnataka declared the said impugned land falls under section-4 notified area per letter dated 27<sup>th</sup> Nov-2018.
6. We are now applying for Forest Clearance for continued operation of the existing 1 No. Wind Mill installed in survey no. 97 at GR Halli Village, Chitradurga for 02.63 Ha land so identified as per forest guidelines.
