To,

The Nodal officer and  
Addl. Principal Chief conservator of forests,  
(Forest Conservation Bengalooru)

Sub : Diversion of 0.0917 has of forest land in Yamnapur and Kanabargi villages for KUWSMP 24X7 water supply project to Belagavi city -Permission to lay clear water transmission mains (1067mm dia) MS pipes from existing water treatment plant at Basavankolla hillock to various service in favour of commissioner, city corporation, Belagavi

Ref: 1. Proposal No. FP/KA/WATER/149465/202  
2. E-office File No: KFD/HOFF/A5-2(GFL)/55/2021-FC Dated: 13.12.2021

### JUSTIFICATION

The Water Treatment Plant at Basavankolla Hillock is one of the pure water sources for supply of clear water in FRS NO. 93, Yamanapura Village. The land for the construction of WTP has been provided by the Forest Department (GOI letter No. 4-KRB936/2013-BAN/3503 Dated 31.05.2013). The Lease Agreement in this regard was also executed between the Forest Dept. & City Corporation on 06.04.2015. (Copies of the same are uploaded as additional information)

Now, based on the increased demand of the command area and as the Clear Water from the existing WTP at the Basavankolla is to be provided to the various service reservoirs (ELSRs/GLSRs), it is essential to lay additional pipeline from this WTP. And hence, the forest land cannot be avoided and so the alignment is proposed with minimum use of forest land. The pipe line diameters vary from 1067mm to 300mm depending upon the requirement as per the drawings uploaded with the proposal.

Hence, it is justified for the diversion of 0.0917 Ha of Forest land for the project.

Thanking you,

Yours Faithfully

Commissioner,  
City Corporation, Belagavi.
