

**Location wise Justification for the project in the Forest Area**

Sl. No.	Proposed Reach	Merits/Demerits	Alternative Alignment	Justification
1	Maddimala to gundaram	This path is located in the forest area and it is the only alternative to approach the village	There is no other alternative alignment	The proposed Reach is only the feasible alignment. However the road is going through reserve forest area as per the toposheet s and topography of the area. Proposed location is very much essential and there are no other alternative alignments.
