

Justification for access from forest land

Jawaharlal Nehru Port Trust is within 20 KM from the proposed site Survey No. 12/6 of Vindhane Village, many lands in Uran Taluka, of Raighad District are developed and having warehouse complexes, there is huge potential of storage and other business within the periphery of JNPT,

The proposed site is adjacent to the SH 104 (Chirner Road) however there is no other direct highway access to the proposed site. The approach road to Vindhane village from SH 104 is approximately 3-4 KM from proposed site, there are many land in between the proposed site and Vindhane village as well as said approach road, The forest land bearing Survey No. 211 is located between the SH 104 and proposed site is the only alternative available for access to the proposed site.

The approach road for direct access from Survey No. 211 belonging to the forest department will be helpful for potential development of the proposed site and thereby generating employment to the skilled and unskilled workers and also attracting capital investment in the area thereby helping the local economy.
