Sir,

With reference to your letter No. 13255 dt. 20.6.2018 on the subject mentioned above, I am directed to say that the proposal for diversion of 1.912ha. of forest land within the jurisdiction of Cuttack Forest Division of Jajpur district, Odisha for upgradation of road from RD 1/966Km to 5/00Km(RD Road to Aradapal) over a length of 3.034Km through forest area out of total road length of 5.0Km by Executive Engineer, Rural Works Division, Jajpur, Odisha under ADB assisted PMGSY vide Package No. OR-13-ADB-15/Tr-III (which has been approved by the Ministry of Rural Development, GoI vide letter No. 17024/40/2011-RC dt. 28.11.2011), was examined as per guidelines prescribed by the Government of India, MoEF vide their letter F.No. 11-9/98-FC dt. dt. 13.5.2011, dt.16.6.2011 , dt. 25.2.2016 and 15.2.2018 in the matter of taking up establishment of certain critical public utility infrastructures by Government Departments in LWE affected districts of the State which also includes **Rural roads.**

It is observed that 1.912ha. of forest land within Cuttack Forest Division comprising of 0.038ha. of sabik kisam forest land as on 25.10.1980, 0.097ha. of village forest land and 1.777ha. of Daitari DPF(Forest Block No. 27) , is required for upgradation of road from RD 1/966Km to 5/00Km(RD Road to Aradapal) over a length of 3.034Km through forest area out of total road length of 5.0Km by Executive Engineer, Rural Works Division, Jajpur, Odisha under ADB assisted PMGSY vide Package No. OR-13-ADB-15/Tr-III . The forest land of 1.912ha. required for the road project is located in village Kintaposi, Kumutibahali, Deogaon

and Forest Block No. 27 of Cuttack Forest Division of Jajpur district. Area proposed for diversion are outside the Protected Areas like National Park, Wildlife sanctuary etc. Jajpur district of Odisha where the proposed road project is being taken up is included in the list of districts affected by Left wing extremism. While justifying the project road to be located on forest land, the user agency has indicated that the proposed road would provide all-weather connectivity to the inhabitants of villages like Deogaon, Aradapal, Khuntaposi, Kankadajodi, Rahangi, Kumutibahali, Ashokajhara, Patna, Natore, Nagada, Guhiasala, Taladiha and Tumuni thereby increasing their economic activities. Besides, livelihood opportunities and medical & educational facilities would also be made available to them with ease. It has also been indicated by the user agency that there is no alternative road to provide all weather road the above named villages. Thus, on completion of this road, it would serve as a life-line for the inhabitants.

The Government of India, MoEF&CC vide their letter F. No. 11-9/98-FC dt. 13.5.2011/16.6.2011/25.2.2016/15.2.2018 have granted general approval under the provisions of Forest Conservation Act, 1980 for diversion of forest land up to 5.0ha for carrying out certain kinds of critical public utility infrastructure projects, by Government Departments in LWE affected districts for the period up to 31.12.2020 under approval of the State Government. Construction of the infrastructure projects such as **Rural Roads** in the Naxal affected districts are many of such critical public utility infrastructure projects. This project would enable the user agency constructing a black topped road of 3mt. width having 1.5mt wide paved shoulder on either side which would provide all-weather road connectivity to rural populations of villages mentioned above belonging to Sukinda Tahasil coming within the LWE-affected district of Jajpur. It is also observed that forest land to be diverted under general approval orders of MoEF&CC has only canopy density of less than 0.4(Eco Value Class III). Only 8 no. of trees are reported to be existing over the forest area which are required to be felled for this infrastructure project of public importance. The Collector, Jajpur has furnished certificate as per format prescribed in FRA guidelines of MoEF&CC pertaining to 3.62ha. of forest land which includes forest land of 1.345ha. in Khuntaposi, 0.432ha. in Kumutibahali, 0.135ha. in Deogaon now proposed for diversion for this road project. The user agency has also furnished DGPS map of forest patches to be diverted duly verified by ORSAC and authenticated by the DFO, Cuttack Forest Division along with soft copy in CD form.
