### Justification for the locating and the project in forest land.

New BG Railway line starts from Jatdumri and ends at Daniawan and Also this line connects to Marachi, Bijubigha, Fazalchak, Gauspur and Top Sarthua villages in Patna district

The proposal for this line was sanctioned as material modification of work and restoration of dismantled line of Fatuha - Islampur Line vide Railway board's Letter No. 98/W2/NL/E/2/Vol.-11. BB Dated 02.08.2020 and 2004/W-1/RVNL/13 pt. 111 Dated 05.08.2011 by Railway Board.

This project will bypass the goods train from Patna Junction and also reduces the congestion at Patna Junction. This project is also valuable for villagers of entire area located nearby of this project. This project will create huge employments and other facilities to local villagers.

This railway line crossed the SH-4 near Daniawan and there is forest land along the road. So, keeping in the mind that the forest tree covers the road bare minimum area of 0.2 Hec are proposed for diversion of forest land for New BG Railway Line from Jatdumri to Daniawan. As such this project will help the villagers in a greater way. The socioeconomic condition will improve by this project.
