

Construction of Air Strip at Malkangiri in Malkangiri District

Note

The Forest land is required to provide all weather communication from Malkangiri District to other parts of Odisha via airway.

The site allocated for this project covers four nos. of villages namely; Boilapari, Batapali, Nilimari and Goreguda with a Cumulative Forest land of 13.233 Hectares (as calculated by Maptech Solutions Pvt. Ltd. in the DGPS Survey). Approximately 200 persons shall be employed in course of construction of this project.

The minimum possible extent of Forest land is taken into consideration for the purpose of Construction of Air Strip.

No alternate land is available for this project.
