

Date: .12.2021.

To

The Principal Chief Conservator of Forests,
Aranya Bhavan ,
Saifaguda,
Hyderabad.

Madam,

Sub: For diversion of 0.9042 Ha of Forest Land in Dasarlapalli RF of Siddipet Forest Division of Medak Circle for formation of approach road from Main road to M/s GMR Rock Sand Crusher situated in Sy.No.89/B, Baswapur Village Mulugu Mandal of Siddipet Division in in favour of M/s GMR Rock Sand, Siddipet -submission of proposals – Reg.

Ref: 1. My representation dated.02.11.2021 made to the Office of the Principal Chief Conservator of Forests Telangana state Hyderabad.
2. Principal Chief Conservator of Forests Telangana state Hyderabad
Lr.No: Rc.No.16023/2021/FCA6, Dated: 25.11.2021.

Please refer to your office letter/proceedings cited 2nd above wherein, the it was advised to submit the proposal for diversion of forest land under Forest (Conservation) Act, 1980 along with all the necessary documents, besides uploading the application online.

Accordingly, we hereby submit the proposal as mentioned in the rules governing FC Act-1980 for kind perusal in (8) Sets. We submit the full justification in the relevant coloum for seeking diversion of Forest land of **0.9042 Ha** in part-I of Form-A.

It is also to submit that we have explored the entire alternatives for formation of road through non-forest land and only after exhausting all the options, we have proposed this formation of road through Forest area.

The quarry lease and crushers units in question are falling in Baswapur Revenue Village limits and it is outside the Reserve Forest Area. As of now, we are using the existing road which is passing all along the boundary (completely at the end and boarder line) of Dasarlapalli RF of Siddipet Forest Division to reach the quarry lease and crushers units and also for transportation of quarry & crushed material to nearyby Mandal Head Quarters. The said road has also been used by villagers of Dasarlapalli and Baswapur Villages to reach their agriculture lands and also to transport agriculture products to nearby markets.

GMR ROCK SAND

Page-2

Due to the recently excavated trench/pit all along the boundary of the Reserve Forest.

Rather than raising any debate and maintaining a distance from any lawful complications, we are proposing applying diversion of forest land under relevant Acts and Rules, we are submitting a proposal for diversion of forest land for 0.9042 Ha (475.93 M in length * 19 M in width), as our case is genuine and kindly be considered by taking the following facts in to consideration:-

1. We are not causing any loss or harm to the habitation of forest including wild life as the forest land proposed under Diversion is completely on the Edge/boarder line boundary of Reserve Forest.
2. We can't buy/purchase any pvt lands, as we have tried to convince the adjacent owners for allotment of land for our approach road, but they have declined our proposal, as they are assigned government lands allotted to landless poor.

The proposal is also uploaded on the Ministry's portal, acknowledgment copy is enclosed for ready reference.

Demand draft bearing number 015824, dt.03.12.2021 for an amount of Rs.3,000/- drawn in HDFC Bank Gachibowli Bank is enclosed herewith towards authentication charges of DGPS raw-data as mentioned in the reference 2nd cited.

Yours faithfully,
For GMR ROCK SAND

Proprietor

Copy submitted to the District Forest Officer, Siddipet District for favour of kind information and with a request to let us use the access path which was in use by us for the last so many year and we are ready to pay the required amount as demanded by Forest Department.
