

The Pune Ring Road Alignment is already approved alignment and published in Pune Regional map by ADTP, Pune. As well as approved and published in PMRDA region map. Hence there is no scope to choose alternative alignment therefore; it is justified to locate the project on forest land where ever it is essential. Wherever possible non forest land has been used but, in view of above reason, the patch of Ring Road passing through forest cannot be located on non-forest land and, as such, the proposed diversion of 19.5361 ha is fully justified.
