

Full Title of the Project: Construction of link road Baryali, Budmo, Stoti, Shiv Nagar
KM 0/00 to 4/150.

File No. : _____

Date of Proposal: _____

CHECK LIST SERIAL NUMBER-10

JUSTIFICATION FOR LOCATING THE PROJECT

1.3711 hectare of forest land is required for the **Construction of link road Baryali, Budmo, Stoti, Shiv Nagar KM 0/00 to 4/150**. The length of Proposed Road is 4.150 km, out of which 3.133 km length passes through forest land and 1.017 km passes through private land. The total land involve in this proposed road is 2.2158 hectare out of which 1.3711 hectare passes through forest land and 0.8477 hectare passes through private land.

With the construction of this road there will be direct road to village Upper Suin and Nichli Suin in Gram Panchayat Mangal. Presently people of this area have to travel on foot. The road will provide facility to the people to cart their crops and other material. With the construction of this road a population of 1200 Souls will be benefited. But at present in the absence of the motor able road the people of these villages are facing great difficulties in carrying their cash crops timely to the market and also in carrying the essential commodities/ daily needs etc. They have to pay huge amount on account of manual carriage of cash crops and essential commodities, the local product cannot be sent to the well in time and the growers cannot get the proper values of their cash crops with the result that the people of the area are becoming poor to poorer day by day. Therefore it is proposed that road is constructed which will not only provide transportation and travelling facilities but also help in providing other benefits viz. better health services, better education, business opportunities etc. Thus the population residing in the above said villages will be benefited in various ways by the construction of the said road.
