

JUSTIFICATION FOR LOCATION THE PROJECT IN FOREST LAND
AND DETAILS OF ALTERNATIVES EXAMINED

This is to certify that M/s Reliance Jio Infocom Ltd. with registered office at C-157, PHASE-VII, INDUSTRIAL AREA, MCHALI-160055, PUNJAB is registered as Infrastructure Provider Category I (IP-1) to establish and maintain the assets such as Dark Fibers, Right of Way, Duct Space and Tower for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions. Vide Licence agreement no. 370/2011 dated 23.06.2011. Copy of the same is enclosed for your ready reference.

We propose to lay underground telecom cables by the HDD method.

Since, the fiber is to be connected end to end between the stretch districts Bathinda(1). Barnala to Mansa Road KM 163/950 To 164/800 = 850 MTR. (2) Aklia Village to Rar Pirkot road = 8900 MTR. TOTAL LENGTH = **9750 MTR (0.441 HQ)** in district Mansa and the same stretch falls under forest, hence the permission to lay optical fiber cable (Dark Fiber Cable) is being required.

We have done the survey and find that there is no alternate route available to lay the fiber and to connect the same with the other end. Hence, it is requested that permission may kindly be granted
