

ANNEXURE - 9

Name of Project :- Designing, Construction, Testing & Commissioning of Intake Well cum Pump House, Water Treatment Plant, Clear water reservoir cum Pump House, Providing, Lowering Testing and Commissioning of Rising Main and Transmission Mains, Surge Control Devices on Pipelines, Civil, Electromechanical Works and Instrumentation Works including all allied works complete including post completion O&M for five years near Sindhrot Village on upstream of Sindhrot Weir, Vadodara on Turnkey Basis.

Justification for locating the project on forest area to be submitted by User Agency and countersigned by DCF.

This is to certify that, after checking the suitability and feasibility for laying of pipeline along the proposed route with the R&B division & after surveying of land for laying of pipeline, it was found that there is no other alternative alignment is feasible for this project. As this alignment of pipeline will provide treated water to the southern and western part of vadodara city. This project of water transmission line network from Sindhrot intake well to Kalali junction via Raipura crossing-bhaili (Km. 0/00 to 13/050), Bhimpura cross road junction to Aarana lawns (Km. 0/00 to 2/575), Dist. Vadodara as per Annexure-2 are in use. The vadodara municipal corporation has been granted the permission from R&B department to said VMC pipe line in R&B ROW.
