NOTES
Height of spot shown on this map is the height of the spot above sea level. A relative height e.g. 'or' marked along a canal, indicates the height of the top of the canal embankment above the adjacent country.
Tanks, shown dry, in this area usually contain water from July to November.
Tube-wells are numerous throughout the sheet, only the important ones have been shown.
Permission to use unmetalled road and cart-tracks along canals is required from the irrigation authorities.
A relative height, 'or' represents the approximate height, in metres, between the top and bottom of a steep slope.
The exterior boundaries of areas of Reserved or Protected Forests are shown by green ribands.
Position of International Boundary Pillars has not been shown in this sheet.
