

Justification for locating the Project in Forest Land and details of alternates examined

In Dangs district, no other Government land/revenue land is available as majority of the land is either forest land (RF/PF) or Malki land (given to farmers since 1972 onwards vide various Government resolutions). Therefore, there was no other alternative land available and hence the project is located in forest land. Moreover, the proposed project i.e. leopard park with rescue centre at Waghai is being established to mitigate the rising challenge of human wildlife conflict, to create awareness and show care the need for construction of animals in the region.
