

GAIL Gas Limited

Name of Project: City Gas Distribution Network, Taj Trapezium Zone Project
(Laying of 8"/6"/4" Dia Chhata – Kosi, Sihana – Vrindavan, Chhatikara – Govardhan, Refinery – BPCL outlet in Mathura and Bharatpur – Fatehpur Sikri Natural Gas pipeline in Agra District.)

Justification for locating the Project in forest land

This is to certify that pipelines shall be laid within the ROW limit of NH/SH/Other Roads in the forest strips and CNG Stations shall be established near to roads which is not under Forest Land. Pipeline will be laid for city gas distribution (CNG/PNG) along the Roads/Highways. Hence no alternate route possible for laying of pipelines.
