

Inspection report

The portion of land of Survey No. 4 of Curti village of Ponda Taluka, which is proposed to be used for widening of National Highway 4-A is on the Southern flank of the Highway. It is showing steep slope of about 45° to 60° . It is having natural growth of forest trees, bushes and undergrowth. The total area proposed to be diverted is less than 1.0 ha. The total no of trees required to be felled for actual widening of Highway is 101 nos.

The widening of the Highway along the proposed stretch cannot be done without diverting and using said land. The said land is Govt. Forest notified under section - 4 of Indian Forest Act, 1927.
