

SITE INSPECTION REPORT

Sub:- Forest land Diversion for Mopa Airport

The site proposed for diversion of Forest land by the Civil Aviation Department for construction of the Mopa Airport was visited on 24-08-2016 along with Dy. Conservator of Forests, North Goa Division, Range Forest Officer (Pernem) and field staff.

The forest involved is part of Government forest (Proposed RF) in Sy.No.19, Chadel village, Pernem Taluka. An area of 1133m² is sought for diversion. The area is mixed natural forest with old Acacia plantation in patches, with a density of about 0.6. The proposed work will not lead to any significant soil erosion

The case is recommended considering the small area involved and the importance of the project.
