During the course of my inspection it is found that the forest land sought for by the lessee over an extent of 0.68 ha is of undulated and subjected to soil erosion. Hence, it is suggested to the above user agency for taking of S.M.C. works on both the sides of the road.

Further, the above user agency is using the above existing approach road without the concurrence of the Central Government, as required under section 2 of Forest (Conservation) Act, 1980. Hence, this violation may be regularized duly imposing suitable penalty. The said existing road is very much essential for transportation of e-auctioned ore. Hence, the road proposal may be considered as per the section 2 of Forest (Conservation) Act, 1980, pending prosecution proceedings in FOC No.24/2014-15 dated:27-02-2015.
