

FIELD INSPECTION NOTE OF THE CONSERVATOR OF FORESTS, TRICHY
CIRCLE, TRICHY

1. Name of the project – Combined Water Supply scheme (CWSS) to 293 Habitations in Musiri Thathayangarpatti, Thuraiyur and Uppliyapuram Union in Trichy District
2. Name of the RF – Ayyampalayam R.F :- 38.32 Ha – Cauvery River Padugai Land.
3. Date of inspection :- 18.11.2016.

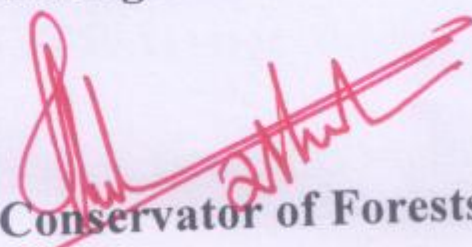

I have inspected the proposed project area on 18.11.2016 which lies in Ayyampalayam RF for the diversion of 0.17 Ha. forest land with District Forest Officer, Trichy and user agency officials.

2. It is a Cauvery river Padugai land situated near by inside the Cauvery river right side river bank, which was leased out to TAFCON Trichy. In this RF, TAFCON had raised Eucalyptus plantation during 2015-16. There is no spontaneous growth and no fauna is available.

3. For diversion of forest land involved only 0.17 Ha. It is a very meagre land involved for which TAFCON have given concurrence for the diversion of Forest land. There is no alternate alignment. Forest land is required for the construction of Foot bridge from the collection well to Cauvery river Bund.

4. This proposal involves for Combined Water Supply scheme (CWSS) to 293 Habitations in Musiri Thathayangarpatti, Thuraiyur and Uppliyapuram Union in Trichy District by TWAD Board for which Govt. have accorded administrative sanction.

Hence I recommend this proposal for diversion of 0.17 Ha to TWAD Board for the above purpose which involves no damage to the existing flora.
