

SITE INSPECTION REPORT

This is to certify that I have inspected the forest area of 0.307 Ha. in Fsy.No: 44 of Baleguli Village in Ankola Range proposed for diversion on lease for the purpose of approach road to proposed stone crusher at Baleguli private area (Block No:2A, B) in favour of Sri. Narayan D.Nayak, M/s Shantika Crushers, Baleguli on 22-03-2017 along with the Assistant Conservator of Forests Ankola Sub-division, Ankola, Range Forest Officer, Ankola and staff. The required road length is approximately 829 mtr. out of which 768 mtrs. falls in forest land, proposed width of 4 mtr. The proposed area having 01-mango and 02-Neral trees with small bushes and old kacha path. This path probably created during logging works long back, but now not in use.

The proposed forest area is minor forest and comes under eco class-I dense forest.

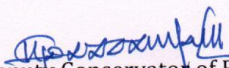

There are specific fauna viz Panther is reported at the surrounding locality.

No protected archeological/heritage site/defense establishment or any other important monument is located in the area proposed for diversion.

The requirement of forest land as proposed by user agency is unavoidable and barest minimum.

There is no Violation of Forest Conservation Act 1980 is reported in proposed area.
