

The Site Inspection report of Divisional Forest Officer ,Thrissur

I have inspected the proposed area on 17.08.2017. The Assistant Executive Engineer , Electrical sub Section, KSEB, Chelakkara has applied for seeking permission under Section 2 of forest Conservation Act 1980 to lay their stringing 1.8 Km. Aerial Bunched cable for interlinking 11KV - Pazhayannur and Elanad Feeder through Forest Area at Naduppakkund Under DDUGY Scheme in Electrical Section Chelakkara (Total Area 0.18 Ha) in Vennur Village, Chelakkara, in Thrissur District. No tree felling is required to execute the work . Also it does not involve any endangered species of fauna and flora. Forest land on one side consists of Road which is tarred. The proposed area is almost linear stretch of reserve Forest.

The requirement of Forest Land as proposed by user agency is unavoidable and is the barest minimum for the Electrification scheme. In view of the above, the proposal is recommended for acceptance .

DIVISIONAL FOREST OFFICER THRISSUR
