

## Inspection Report

### Diversion of Private Deemed land admeasuring 0.6648 hectares.

In pursuance of the proposal received by GSIDC, a Government owned corporation, for diversion of 0.6648 hectares of privately owned forest land acquired for road construction, the undersigned visited the site alongwith the Dy. Conservator of Forests, North Goa Division on 5<sup>th</sup> January 2018. The proposed site is located in Penha-De-France village of Bardez Taluka, of North Goa District.

The site is adjacent to the existing National Highway and has vegetation with canopy density of about 0.4. The area required is bare minimum and the work is of essential nature.

Since the area is not a notified Government Forest, or a Protected Area and since it is beyond the notified Eco Sensitive Zone, the proposal is recommended for approval.
