 HEIGHTS & CONTOURS IN METRES  
 CONTOUR INTERVAL 20 METRES

Water features are shown in blue where they generally contain water  
 \*Cultivated areas are coloured yellow  
 \*The exterior boundaries of areas of Reserved or Protected forests are shown by green ribands.

Contours are approximate.  
 A relative height, .0r., represents the approximate height, in metres, between the top and bottom of a steep slope.  
 Wooded areas are coloured green. Scattered trees and other vegetation are in green, but prominent surveyed trees are in black.

\*Not applicable.

 Shillong.

The triangulated heights and contours in this sheet have not been adjusted to the heights of the spirit-levelled bench-marks and may not be strictly in accordance with them.  
 The district boundary between East Khasi Hills and West Khasi Hills Districts has been surveyed as pointed out by the local officials on the ground, but has not been verified by the District authorities.
