

**FULL JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA**  
**(UN-AVOIDANCE OF THE FOREST AREA FOR THE PURPOSE)**

The existing road between Vaggampalli to Dornala T-junction is a narrow BT road and has been declared as National Highway and the road is not upto the National Highway standards and cannot handle the increased highway traffic. The road length of 2.895 Km is passing through Singanapalli-A Reserve forest of Atmakur Range of S.P.S Nellore District is a part and parcel of NH-565 and needs to widen it to national highways standards. There is no alternative path for the same. This road after completion will provide good connectivity between the two districts of S.P.S Nellore and Prakasam and more importantly, this road will provide better connectivity to the newly formed capital of Andhra Pradesh with the southern districts of Andhrapradesh.
