

PROJECT NOTE

Name of the proposal:- The work of Proposed Pipeline of
Gajpanth Sidhkshatra Makhamalabad-Nashik

Range- Nashik

Division – Nashik

District- Nashik

Gajpantha Sidhkshatra Trust of makhamalbad-Nasik Tq. And District Nashik want drinking water available to Students, Pilgrims, and visitors.

Gajpantha Sidhkshatra Trust of Makhamalabad-Nasik Tq. And District Nashik have own some land in .Gat No 345 of Makhamalabad. There is Trikal Chobisi Digambar mahavir Jain Mandir, Parshvnaath mandir, Gurukul and Historical liabrary and historical Sangrahalay. Many pilgrims came here for Tapsya, Students in Gurukul and visitors to see Chambar leni, Historical laibary and Sangrahalay. There is no source of drinking water. Every day water have been carried by tramcar . Hence permanent solution for Drinking Water , Water will be taken through Pipeline from Nashirk Mahanagar Palika Water supply tank. Total length of pipeline is 767 RMT. 667 meter pipeline passing through Forest Land.

There is no suitable alternative other than forest land used. Only 0.0667 hect. tree less Forest land used in proposed pipe line. This is the minimum requirement of forest land. Alternate alignment is not possible, two alternatives are technically unsuitable due to nature of ground i.e. and up and down portion and heavy demand of Forest land..

After laying pipeline water available for drinking.

Place –Makhamalbad

Dt. 18.1.2021
