## JUSTIFICATION NOTE

The Paper Mill of West Coast Paper Mills Limited is located in Dandeli Sy No 3 - (Old 4). One Effluent treatment plant was functional with in this area since the year 1975.

Kali hydro electric power project was planned in the Kali river basin during 1970s with a plan to execute the same before the year 1979. In order to further treat the Industrial Treated effluent before discharge to Halmaddi Nala leading to river Kali; on the recommendations of the Karnataka State Pollution Control Board and the Project authorities of Kali Hydro Electric Power Project and The Chief Conservator of Forests (General), Bangalore along with Conservator of Forests, Kanara Circle, Dharwad; an area of 20 Hectares of Forest Land in survey number 22 of Kerwad was allotted to our mills. This land is adjacent to the existing Factory Land Leased in Dandeli Village Limits

The Dandeli forest village has been dis-forested and de-notified and converted into Dandeli City during 1972 period. In the factory land leased for our Pulp and Paper Factory the entire leased land had been utilized for factory and colony for which the land was leased.

Non-Forest land is not available adjacent to our mills. Therefore to meet the urgent need to establish Second Stage Effluent Treatment Plant an area of 20 hectares forest land in the adjacent Kerwad village Survey number 22 was sanctioned by the Karnataka Government vide G.O Number FFD: 141 : FGL :75 dated 19<sup>th</sup> June 1978.

For WEST COAST PAPER MILLS LIMITED.

  
RAJENDRA JAIN
