

JUSTIFICATION FOR LOCATING THE PROJECT ON FOREST LAND

In continuation of the requirement of Environment parameters, construction methodologies to be adopted for different terrain encountered enrooted, design and engineering factors, availability of logistic support during construction and maintenance of approach road and Pipe Culvert finally after analyzing the various data, this route is found feasible to connect the Declared Protected Forest Road (Bhuj-Mandvi Road, Oakswood , Survey No. 356, Village: Maska, Ta: Mandvi, Dist: Kutch,)

Factors Considered:-

1. Demand and Supply center
2. Compliance with Environment regulations.
3. Minimum demand of forest land.

An effort were made to find out land other than forest land in surrounding are to connect the Retail outlet with Road, but was not possible and there was no other alternative except this for demanding Protected forest land (Bhuj-Mandvi Road, Oakswood , Survey No. 356, Village: Maska, Ta: Mandvi, Dist: Kutch), Because our Project is Beside the Bhuj-Mandvi Road Which is declared Protected Forest. Hence the Demanded forest land 0.0345 Ha. is requested to be granted for the purpose of constructing the approach road and Pipe Culvert and we undertaking that the used of the protected forest land should be as possible as minimum.
