INDIA

Water features are shown in blue where they generally contain water. Cultivated areas are coloured yellow. The interior boundaries of areas of Reserved or Protected Forests are shown by green ribbons. Tanks shown dry in this area, usually contain water from July to December. Horizontal and wavy lines throughout the sheet; only the important ones have been shown. The kilometre scale numbers along the road and railways are shown in short type, e.g., '5' whereas kilometre numbers are shown in upright type, e.g., '5'. The area adjoining the Ganga River is liable to change owing to continual fluctuations in the course of the river. Unsettled roads and unimproved cartroads in this sheet are marked in dry season.
