HEIGHTS & CONTOURS IN METRES
CONTOUR INTERVAL 20 METRES

Contours are approximate.
A relative height, if any, represents the approximate height, in metres, between the top and bottom of a steep slope.
Wooded areas are coloured green. Cultivated trees and other vegetation are in green, but prominent surveyed trees are in black.

*Not applicable.

The kilometre scale numbers along roads and the railway are shown in short type, e.g., 1; whereas kilometre numbers are shown in upright type, e.g., 15.

The intergraded heights and contours in this sheet have not been adjusted to the heights of the open-topped benchmarks, and may not be strictly in accordance with them.

Administrative Index

Points of Interest
Towns or Villages: inhabited, deserted, Fort, etc.
State government: Temporary, Town, etc.
