CHECK LIST NO 10

Justification for Location the Project in Forest Area:

1.9446 Hac. Of forest land is required by Himachal Pradesh Public works Department for construction of link road from Sheguni to BhakatiKater km 0/00 to 2/950. The total length of the 2.950 km out of which 2.540 km of road will pass through in forest land and 0.410 km will pass through private land

The road is being constructed to provide motor able link to the villages. The road will cater to the needs of population and will give a boost to the local economy. For the construction of this road 1.9446 hac. Of forest land is required to be diverted.

The villages Sheguni, Bangroo, & Bhakatikater are unconnected by road. the villagers have to take up hill to reach their villages. It is also very problematic for the villagers to transport their essential commodities up to their villages in the absence of road especially in view of the rugged terrain steep slope. It is also the policy of the state Government to connect all the panchayat/ villages by road. Hence road link to these villages has been mooted by Sheguni to BhakatiKater km 0/00 to 2/950. *Whereas 31 No's of trees are coming in the proposed Road alignment.*

Reason for rejection of alternative alignments

Alternate Alignment no. 1 Alternative alignment No. 1 has been rejected due to more in length i. e. 3.150 km and also more involvement of forest land i.e. 2.80 hac. forest land and 40 No.s trees are coming in the road alignment. Enumeration list of the same is attached with the case proposal. Therefore, the alternative alignment no. 1 is rejected

Alternate Alignment no. 2 Alternative alignment No. 3 has also been rejected due to more in length i. e. 3.340 km and also more involvement of forest land i.e. 2.900 hac forest land and 96.No's trees are coming in the road alignment. Enumeration list of the same is attached with the case proposal. Therefore, the alternative alignment no. 2 is rejected.
