New Delhi-110003

December 11, 1991

OFFICE MEMORANDUM

Subject:- Tansi Colliery Project of Western Coalfields
Ltd.- Environmental clearance of;

This has reference to the Department of Coal's
letter No. 43011/29/82-CPA dated 11th October, 1990 in
regard to the above subject.

The environmental aspect of the project has been examined
and clearance from environmental angle is accorded subject
to the effective implementation of the following conditions:-

The levels of SPM concentrations should not exceed
500 ug/m³ at any observation point within the mine
lease-hold. The emission of SO₂, NO_x and CO should
be maintained below the level prescribed by the
competent authority.

(ii) The quality of effluent finally discharged into the
main drainage system should conform to the standard
prescribed under GSR 919 (E) dated 12.9.88.

(iii) A silencer shall be installed in the main fan and
to prevent noise pollution. The CHP installation
should use polymers including rubber & polyurethane to
reduce noise levels. The noise level should not
exceed 40 dBA at a distance of 100 metre from the site.

(iv) No change of methodology of working and scope of
the working should be made without the prior approval
of this Ministry.

Regular monitoring of various environmental quality
parameters including air and water quality shall be
carried out and the results of the monitoring shall
be recorded and should be furnished to the State
pollution control board as well as to the Ministry
quarterly.

The Project Proponent should check up the development
of cracks, if any, due to subsidence regularly in the

proposed mining block. The creeks, if any developed at any time, should be filled up as early as possible.

(vii) Township should be constructed on non-forest land.

(viii) A separate Cell for environmental management in the mine should be set up with suitably qualified people, who will directly report to the Chief Executive. The laboratory facility should be provided to take samples of different environmental parameters.

(ix) The progress report on the implementation of various environmental control measures and the status of environmental quality shall be submitted to this Ministry quarterly.

(x) The Ministry or any other competent authority may stipulate any further conditions at any stage.

(xi) The Ministry may revoke the clearance for the implementation of the stipulated conditions if not satisfactory.

(xii) The above conditions will be enforced under the Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention and Control of Pollution) Act, 1981 and the Environment (Protection) Act, 1986.

Dated: 13th September 2005

Sir M.K.Shukla,
Chief General Manager (Env. Engg.),
M/s Coal India Ltd.,
Core 3, 4th Floor, SCOPE Miner,
Sector Nager District Centre,
Delhi-110092.
Sub: Clarification indicating environmental clearance for Tandsi UGP of M/s
Western Coalfields Ltd. - reg.

Sir,

This is with reference to your letter dated 23.06.2005 on the above referred subject.
The undersigned has been directed to confirm that the production capacity of the aforesaid
mine project was approved at 0.9 million tonnes per annum (MTPA) in the
environmental clearance accorded vide this Ministry's letter dated 11.12.1991.

This issues with the approval of the competent authority.

Yours faithfully,

(Dr. T. Chandin)
Additional Director
