JUSTIFICATION FOR LOCATING PROJECT IN FOREST AREA

The village Pilanwadi, Tehsil Daund, District Pune has a spread of 1110 hectares. It has a total population of 3,691 peoples (2009 Census Data). There are about 807 houses in the village.

Conspicuously, the village is still devoid of a Crematorium. The people have to take dead bodies for cremation to adjoining villages which are reasonably away from the Pilanwadi.

To construct the Crematorium, required land is not available in the village. The Revenue Authorities have expressed their inability to provide the Revenue Land as the same is not available in the village. Hence, there is no option left with the Panchayat Authorities but to seek/ demand the Forest Land for construction of Crematorium. The Gram Panchayat has accordingly passed the resolution to demand the Forest Land for establishment/ construction of Crematorium.

The Forest Land proposed for diversion is, thus, unavoidable. The barest minimum Forest Land, to the extent of 0.1499 Ha., is required/ proposed for the establishment/ construction of Crematorium.
