A hand-drawn diagram of a cell. The cell is an irregular shape with a dashed outline. Inside, there are several organelles: a large, dark, oval-shaped nucleus at the top; a bean-shaped mitochondrion with internal folds (cristae) in the middle; a Golgi apparatus consisting of three stacked, flattened sacs; a lysosome, which is a small, dark, circular structure; and a large, clear, circular vacuole at the bottom. Labels with arrows point to each of these structures.
