

JUSTIFICATION FOR ROUTE SELECTION

The GAIL (India) Limited already have the Right of Way (ROW) from Jhansi - Auraiya - Phulpur.

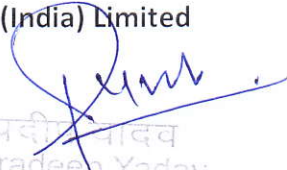

The description of ROW details are illustrated below,

- 1)- Jhansi to Thulandi – 30 m ROW
- 2)- Thulandi to Phulpur – 20 m ROW

As the proposed pipeline has been planned to lay parallel to existing pipeline in GAIL's ROW from Jhansi to Phulpur (473 Km) pipeline, so there is no need to provide any alternate route to lay proposed pipeline.

Based on above detail GAIL (India) Limited has planned to lay pipeline from Jhansi – Auraiya - Phulpur in own existing pipeline corridor.
