

Justification for locating the project in forest area.

Since this is the best suitable route to lay Karjan Right Bank High Level Recharge canal & its head regulator in which minimum amount of forest land is to be used. Which will provide irrigation facilities to the deprived area towards south direction of Gora Distributory of Section – 2 of Karjan Right Bank Canal Distribution system, it is proposed to construct a Right Bank High Level Recharge canal to serve the above deprived area of about 1200 Ha. of 12 Villages (Viz. Jitgadh, Vavdi, Velchandi, Junvad, Mota Raipura, Samariya, Mota Amba, Sankava, Bhilwasi, Umarava & Gora) of Nandod Taluka of Narmada District.
