**OFFICE :- INTIGRATED TRIBAL DEVELOPMENT AGENCY, LATEHAR**

**Project Name-** 200 bedded boys & girls residential school & hostel Bariyatu, Barikhap  
**Proposal No.-** FP/JH/SCH/36884/2018

**Justification for locating the Project in forest land**

Development quality of any country especially of any developing country depends on education of its human resource. Well education depends on availability of resources providing education for all. Although this project will also educate number of students from surrounding villages around the site. The Project will improve the availability & quality of education.

As per the land details, land allotted/ proposed by State and district administrative for this project is falling in Jangal Jhari (JJ) category. The Justification for locating the Project in this forest land is as below:

- This land is situated near to block Headquarter of the Bariyatu and beside the National Highway- 22 Ranchi to Hazaribag via Latehar- Balumath- Bagra.
- Land allotted for the project by the State and District administrative.
- The suitable land for this project is not found in this area that's why alternative land was not identified.
- The primary concern of this project is to give quality education to students in a good environment & atmosphere and a forest area which is free from all kinds of pollution gives a suitable environment to learn and study.
- Academic excellence can only be achieved by creating healthy atmosphere. A forest area is located very far from busy place. So it is free from public intervention.
- The plot where the school is going to open is very well connected with roads.
- The students should be kept very far away from noisy places and this site provides such place.
- The accessibility to the site from the near villages is good because of situated in National Highway.
- The esthetic sense in a students' mind and body can only be created in a beautiful natural place. A forest area creates such kind of esthetic sense.
- Importance of the project is more because this project will educate girls of this region.
