**Justification for diversion of additional 13.5735 ha of forest land in Mouja—
Gardang (Santirbazar), Chhagharia (Belonia), Kalabaria (Belonia), Dakshin
Sonaichari (Belonia), Dakshin Hichacherra (Santirbazar) & Gardana (Sabroom)
under South Forest Division for Slope flattening.**

The railway line between Santirbazar-Sabroom section of Agartala-Sabroom New BG Line Project is targeted for commissioning in March, 2018. Forest Land measuring 172.856 ha in various Moujas have already been diverted and Railway BG Line also been constructed. Now additional forest land measuring 13.5735 ha in Mouja- Gardang (Santirbazar), Chhagharia (Belonia), Kalabaria (Belonia), Dakshin Sonaichari (Belonia), Dakshin Hichacherra (Santirbazar) & Gardang (Sabroom) under South forest Division is urgently required for Slope flattening of the railway line.

The land diverted at the above mentioned Moujas are basically tilla land and other railway track line has been constructed by cutting the said tillas. But it is observed that during rainy season earth is falling on the railway track with rainwater from the side of the said tilla lands. As a result, the track is getting blocked with outside earth. Therefore, it is utmost necessary for flattening of the slope for safety of the train and passengers. Therefore, proposed land is required for diversion of the aforesaid purpose and also for constructing retaining wall for protection of the slopes.

Further, the proposed land is required by the side of the railway track in the above mentioned Moujas. Therefore, there is no scope for selecting alternative land.

The details of the land is as follows:-
