

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA.

3.84.23 Hectare of forest land is required for the construction of Danoghat Sanjha Aara (साँझा आडा)-Neri Plata road km. 0/0 to 5/360. The total length of road is 5.360 Km. The road will be passed through the forest land and private land both. For the construction of this road 3.84.23 hectare of forest land is required to be diverted.

Two alternative alignments were examined but the same were not feasible technically so rejected. The proposed road necessarily passes through forest land because there is no non-forest land is available for the purpose. Hence, there is no escape from using the forest land.
