Office	Order	No.			

dated 06/08/2001

Sanction Order of Site-Specific Wildlife Management Plan with reference to diversion of 18.28 ha. of forest land in favour of RCD Road Division, Manoharpur for widening and strengthening of Sonua – Pansua – Lodhai – Gudari Road (Km. 0.00 to Km. 41.56) in Porahat Forest Division of West Singhbhum District

The instant Site-Specific Wildlife Management Plan (referred to as "the *SSWMP'* hereinafter) has been prepared by Divisional Forest Officer, Porahat Forest Division in pursuance of the condition mentioned in Sl. no. (i) of the in-principle approval granted by the Regional Empowered Committee, Ministry of Environment, Forest & Climate Change, Integrated Regional Office, Ranchi in its 43rd meeting held on 23rd July, 2021, communicated to the State Government vide Letter no. FP/JH/ROAD/26179/2017/4774 dated 28th July, 2021.

The aforesaid condition laid by the Central Government reads as follows:

- "....the committee approved the grant of "in-principle" approval subject to submission of the following documents in IRO within 15 days of the issuance of the minutes of the meeting:
- i) A site specific Wildlife Management Plan made by the concerned DFO with duly approved by the Chief Wildlife Warden"

Regional Chief Conservator of Forests, Singhbhum, Jamshedpur vide his letter no. 1399 dated 05.08.2021 submitted the said SSWMP to the office of the undersigned for its due approval.

The project under consideration consists of a linear infrastructure and the surrounding area is part of Singhbhum Elephant Reserve. The road passes through dense forest patch which is a part of larger forest landscape, starting from Bamra-Gangpur forest of Odisha to Dalma Wildlife Sanctuary. The movement of elephants is quite significant in the area through which the road passes. Hence, it is in the prime interest of forest and wildlife to provide for an Animal Passage Plan. The instant SSWMP has quite appropriately provided for the structures/ activities to be created/ carried out under the said Animal Passage Plan by the RCD, Road Division, Manoharpur (referred to as 'the User Agency' hereinafter).

The proposed interventions under the SSWMP have been detailed in Chapter 4 and 5 of the Plan. Chapter 4 deals with the Animal Passage Plan, the activities/ structures under which are proposed to be created/ carried out by the User Agency whereas Chapter 5 of the Plan consists of mitigating measures to be undertaken by the State Forest Department.

To make the provisions under the Plan appear simpler, the interventions are being classified into two parts — Part A and Part B. Part A consists of the interventions to be carried out by the User Agency at the project cost whereas Part B consists of the interventions to be carried out by the Forest Department. It is pertinent to mention here that financial target with respect to Part A has not been provided under the Plan as it entails structural engineering designs primarily in the form of underpasses, overpasses, modification of new bridges, culverts etc. Chapter 3 of the Plan provides the details of engineering structures to be constructed along the road alongwith other prescriptions to mitigate impacts of the project on wildlife.

The summary of the proposed interventions under the instant SSWMP with the objective of mitigation of impact on wildlife due to the project is as follows:

PART – A: Work Components under Animal Passage Plan to be implemented by the User Agency

- 1.1 Provision for Safe Movement Options
- 1.1.1 Construction of an Overpass at suitable location.
- 1.1.2 Construction of an Underpass at suitable location.
- 1.1.3 Modification of new bridges (Increasing height of the bridge and reducing number of pillars) 3 nos.
- 1.2 Increasing utility of crossing structures
- 1.2.1 Increasing funneling effect for one overpass.
- 1.2.2 Culverts with Guard rails 20 nos.
- 1.2.3 Camouflage painting of bridges 4 nos. (Underpass + 3 new bridges)
- 1.3 Structural and non-structural measures to reduce animal mortality
- 1.3.1 Provision for canopy walk -5
- 1.3.2 Heating pad for reptiles 20

The plan with a total financial outlay of Rs. 350.08 lakh extends over a period of 10 years (Year 2021-22 to 2030-31) and is proposed to be implemented by the State Forest Department.

Needless to mention here that the aforesaid financial outlay does not include the cost with respect to those work components which are prescribed under the Plan (Part – A) but have to be implemented by the User Agency.

Considering the proposals under the plan, sanction is hereby accorded to the instant SSWCP subject to the following conditions:

- (i) That the User Agency shall ensure that its officials/contractors and the work force engaged into mining and allied operations shall not commit or abet any forest/wildlife offence in their area of operation. They will also promptly report any forest/wildlife crime in the area to the nearest forest office/official. Further, they will extend their full cooperation to the forest officials in control/mitigation of any incident, natural or man made, detrimental to forest and wildlife in their area of operation.
- (ii) That the User Agency shall submit an Undertaking before the appropriate authority to the effect that they will implement the Animal Passage Plan in letter and spirit as contained in Part A herein in accordance with prescriptions mentioned in detail under Chapter 3 and 4 of the instant SSWMP, in close consultation with Divisional Forest Officer, Porahat Forest Division (DFO, Porahat). The design etc. of the structures must be finalised after site inspection and discussion with DFO, Porahat. Conservator of Forests, Territorial Circle, Chaibasa (CF, Chaibasa) and Regional Chief Conservator of Forests, Singhbhum, Jamshedpur (RCCF, Jamshedpur) shall closely monitor the construction of mitigating structures prescribed under the Plan.
- (iii) That the total amount of Rs. 350.08 lakh involved in the instant SSWCP shall be deposited by the User Agency in CAMPA fund under the relevant head/sub-head and shall be utilized by the State Forest Department through the DFO, Porahat as per extant norms.

- (iv) That DFO, Porahat shall prepare a detailed Annual Plan of Operations (APO) in respect of the Part B of the instant SSWCP following all the rules, regulations, Schedule of Rates etc. issued from time to time by the State Government/ Forest Department.
- (v) RCCF, Jamshedpur shall accord sanction to the said APO following due process and he/she will closely monitor the progress of the activities undertaken by DFO, Porahat.
- (vi) DFO, Porahat shall carry out all the activities in accordance with the duly sanctioned APO.
- (vii) CF, Chaibasa shall supervise all the activities under the plan as per directions issued by the Forest Department from time to time.
- (viii) That DFO, Porahat shall ensure that no violation of duly sanctioned Working Plan of Porahat Forest Division takes place during implementation of any of the activities involved in this plan over notified and demarcated forest land.
- (ix) That the instant SSWCP shall be revisited after 5 years and a revised plan may be formulated as per need and convenience of the implementing agencies. The revised plan, if any, shall be put up before the Principal Chief Conservator of Forests, Wildlife & Chief Wildlife Warden, Jharkhand for its approval. In such a situation, the revised plan period shall be for the remaining 5 years of the total plan period.
- (x) That though indicative provision has been made towards cost escalation in the plan viz. increase in wage rate/ material cost etc., yet the User Agency shall submit an undertaking to DFO, Porahatto the effect that they will deposit extra cost of the plan beyond the cost escalation provision owing to increase in wage rate etc. in due course of time as well as revision in the plan, if any, after 5 years from inception year of the plan.
