

## Note & Justification for diversion of forest land

The Chandrapur Forest Division, Chandrapur has total Forest area of 607.20 Sq. km. There are 5 Ranges in this division, namely Chandrapur, Bhadravati, Warora, Saoli and Chichpalli. Besides many times they are attacked by wild animals in the forest.

Saoli Taluka is a taluka surrounded mostly by forest area. At present there is no any Forest Rest house to conduct the meeting of officer's and public in this area. Last year a major operation this division had to undertake in which 24 hours monitoring of aberrant tiger was necessary. In such situation forest department has to use Z.P. school for accommodation etc. Such kind of incidences will occur in future also which will require better infrastructure for officers and staff to manage forest and wildlife issues. Therefore, Hon'ble MLA, Bramhapuri Consentience of the State of Maharashtra, has strongly desired to construct a Forest Rest House at Saoli.

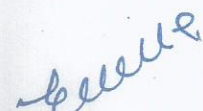

As non forest land is not available for Forest Rest house at Saoli, forest land is selected in Hon'ble MLA, Bramhapuri & Chief Conservator of Forests, Chandrapur Circle, Chandrapur. The selected site in Saoli village having developed infrastructural facilities, like road, water, electricity etc.

Therefore, proposal for diversion of 0.52 ha. Zudpi Jungle area is hereby submitted under Forest Conservation Act, 1980 for construction of Forest Rest House at Saoli, Tal. Saoli, Distt. Chandrapur.

So the clearance of this proposal is sought from the concerned authorities.
