

Dated: 19.3.2020

To,

Divisional forest officer,

Sonepat, Haryana

131001.

SUB: JUSTIFICATION TO USE AND START THE WORK OF 11 KV OVERHEAD HT LINE BY USING XLPE CABLE IN YOUR 0.08 HACTARE FOREST PROTECTED LAND.

Dear Sir,

This is in reference to above subject cited matter, This is an justification to start 11 KV Overhead HT line work by using XLPE cable on 11 Mtr PCC pole from Jindal Global City to Express city sector 35 in 0.08 hectare forest land because there is no other right of way is available to install this transmission line due to road and drain on other side.

Residents likes Indian / foreigner students and professors from O.P.Jindal Global University living in our Jindal global city and facing lot of problem in their daily life due to power cut for 2 to 3 days on regular base. So we have to start subject cited electrical work with approvals of electricity Board without cutting or damaging the trees in your 0.08 hectare forest protected land area. Now we are applying the NOC in your department as per instruction.

So it is the justification from our side and requested you to please allow us to start our 11 KV overhead HT line work by using XLPE cable on 11 Mtr. PCC Pole
