

(ii) Cost of the Project :

The Project that is Construction of Bag Kayalu Road KM 0/0 to 10/500 has been proposed under the Scheme NABARD estimated cost of the proposal is Rs.787.50 Lacs Approx.. Time period for completion of the work is allowed as 1 year subject to the availability of fund with the Deptt./Govt.

(iii) Justification for Location the Project in Forest Area :

The proposed alignment of construction of Bag Kayalu Road KM 0/0 to 10/500 under NABARD has been finalized keeping in view the all beneficial and positive factors connectively location/situations of the target inhabitants for transportation and traveling facility.

The location of target village is such that there is no alternate alignment possible except the proposed alignment which can avoid up to maximum extent, the use of forest land for the construction of the said road. Also there is non-Forest /Govt. Land other than the Forest/Private Land available land in the area for the proposed construction of the road, therefore the use of the forest land for the Project i.e. construction of Bag Kayalu Road KM 0/0 to 10/500 under NABARD.

Also the proposed road project is available to bring the benefits of development to target village that have remained deprived of there benefits long.

As such the location of the Project in the forest land is justified and the proposed alignment (R) of the said road is finalized.
