Ref:- This office letter of even number dated 25.03.2017

The improvement of the above road is included in the State Road Improvement Project of Government of Kerala. The road starts from Vellanad junction and ends at Chettachal junction through the Chulliamala forest range for a length of 1.3 Km. There is no other way to get a shortest route to Tachancode junction from Parandode. Hence it is utmost important to grant permission for the above land as the improvement work of this road is very essential for Public.

Yours faithfully,
