Sub: Undertaking for laying optical fiber cable in forest area

Sir,

“Bharatnet” is a project of national importance to trigger broadband revolution in rural areas for realizing the vision of digital India. BharatNet project is being monitored and reviewed at the apex levels of PMO, Cabinet Secretariat, Hon’ble MoSC (I/C) and Secretary (T) on regular basis and the phase-I of the project is targeted to be completed by 31st march 2018.

As per the reference letters, ROW permissions have been received for which undertaking is required by forest department. We hereby undertake that roadside plantation (300 saplings) will be carried out as per the guidance of forest department.

It is therefore once again requested to issue the NOC as the work of optical fiber laying is getting affected in Dadra Nagar Haveli.

A handwritten signature in black ink, appearing to read 'Manish', with a horizontal line underneath it.

Manish Rathore
GM(Project)

Copy to:

Chief General Manager(Project) and State Head, BBNL, Ahmedabad
GM(NOFN) RCIL, Ahmedabad to plant 300 saplings as per the guidance of forest department.
