

JUSTIFICATION FOR LOCATING THE PROJECT ON FOREST LAND

In continuation of the requirement of Environment parameters, construction methodologies to be adopted for different terrain encountered enrooted, design and engineering factors, availability of logistic support during construction and maintenance of approach road, finally after analyzing the various data, this route is found feasible to connect the Declared Protected Forest Road (Bhuj-Bhachau Road, Village: Kanaiyabe, Survey No. 371,370,374/1,375/1,376/1 Ta: Bhuj, Dist: Kutch,)

An effort were made to find out land other than forest land in surrounding area to connect the Retail outlet and inlet with Road, but was not possible and there was no other alternative except this for demanding Protected forest land because our company placed beside the Declared Road side Protected forest (Bhuj-Bhachau Road) hence the required forest land is requested to be granted for the purpose of constructing the approach road and we undertaking that the used of the protected forest land 0.0390 Ha. Which will be as possible as minimum.
