Evacuation Plan

Once oil/gas is established in this location (Loc. KNEB), commercial production will be carried out by drilling more development wells. Pipeline will be constructed to connect either the existing main 16" Nahorkatiya-Barauni OIL pipeline near Nagaon town or to be connected with Sekoni OIL Pumping Station near Jakhalabandha. Initially bowser will be utilised through national highway till the pipeline is completed in this area. However, construction of pipeline depends on commerciality of this exploration block.
