Date: 23.11.2015

From GM - Block Manager, SAS Block

Sub: Short Narrative of the proposal of the project/ Scheme for which the forest land is required. (Part of Form-A for the Location KSAD)

ONGC, an Indian National oil Company is engaged in exploration and exploitation of hydrocarbons. The company has got approval of Government of India for grant of Petroleum Mining License 20 sq. km in Kasomarigaon area in Golaghat District of Assam vide letter no. F.No. O-12012/1/2010-ONG-II GoI MOP&NG) dated 10.03.2010.

In the light of exploration lead chase of Mid Bokabil & Tipam from KS-2, the area around Kasomarigaon and Kalyanpur PML have opened up exploration potential in the area. The location KSAD, based on the geo-scientific studies carried out, which was deliberated at length by competent authority at Dibrudun and has been decided to be released for drilling. After drilling of the location, if the hydrocarbons found are economically viable to produce, then the area can be further developed for mining, for which statutory approvals will be taken from authorities.
