The state boundary between Madhya Pradesh and Maharashtra has been surveyed as plotted up by the local officials on the ground, but has not been verified by the Government concerned.  
In Madhya Pradesh, the letter 'd' has frequently the sound of 'r'; and 'v' invariably that of 'w', when in initial letter and of a when otherwise placed.  
Unmarked roads and contours in this sheet are generally measurable in dry season.  
Towns shown in this sheet usually contain water for use in domestic.  
Common forest boundaries have not been shown for want of reliable information.
