Chief Conservator of Forest/Nodal Officer,  
Office of Principal Chief Conservator of Forest  
Rana Pratap Marg,  
Lucknow (UP)

Sub: Justification for use of 6.394 hectare of Forestland.

Dear Sir,

The construction of 132 KV Transmission Line envisages the use of 6.394 hectare of forestland for transmitting electricity power from Rihand Hydel Power Station, Pipri to meet the power requirement of producing aluminium at Hindalco Renukoot plant.

The requirement of the renewal of the lease in respect of the forest land of 6.394 hectare by the User Agency is need based and unavoidable due to non-availability of any alternate land and also is barest minimum & justified for transmission line which was constructed in the year 1972. Further, transmission of power for producing aluminium is a continuous and ongoing process.

In view of the above, the renewal of the lease of the said forest land of 6.394 hectare is required and accordingly proposal for the same has been submitted.

Thanking you,

Yours faithfully,

For Hindalco Industries Limited<sup>#</sup>
