JUSTIFICATION FOR THE PROPOSAL (परियोजना का औचित्य)

Presently the villagers (01 number of villagers of Udalgaon with the population of 373) have to walk through a distance of 2-3 km to meet their daily needs, as there is no road connecting the village,. Due to the non-existing of any road connectivity, the lives of the villagers are in constant danger as there are no medical services which could be provided to them even in case of emergency such as maternity. Further, due to non existent of the road connectivity the area remains backward in all respects. The main occupation of the villagers residing in this village is animal husbandary and agriculture. The villagers are forced to carry their cultivated crops such as *Haladi*, *Adrak*, *Mirch*, *Lahsun*, *Dhan*, Fruits, Vegetables like Potato etc. on their feet or by mules to the nearby market.

If the road connectivity is provided to the villagers it shall enhance the social and economical development of this area and migration of the people from village shall be minimized. The forest area falling in the proposed alignment of the road is 0.261 hect. has been surveyed to the minimum and also the alignment of the road has been proposed in such a manner that there shall be a minimum of tree faling. Other than the proposed alignment for the road, there is no such alignment which shall reduce the diversion of forest area or falling of trees. The overall width proposed for acquiring of the land is 9.00mtr.

In view of the above facts and public intrest, it is request that the forest land area of 0.261 hect may kindly be diverted fort he construction of the road.
